

Wall Sconce Tin Circular Single Arm Illustrated Furniture Treasury
Wallacenuutting

£2,700

© Howgego Historic & Modern

REF: 11790

Height: 33 cm (13")

Diameter: 22 cm (8.7")

Description

Surviving pieces of vernacular lighting are extremely rare and it is hard to source convincing re-creations. These are copies of a period sconce illustrated in Furniture Treasury by Wallace Nutting, plate 4121 and have a plausible antiqued patina.

Pair of circular, single arm, tin wall sconces with antiqued patina. Electrified with Girard Sudron candle lamps.

Measures: diameter 21.5cm., 8 1/2" height 31.5cm., 12 1/2" depth 9 cm., 3 1/2"
